Recommendation Letter for Kisik Inc – Carling Campus Fit-up Project

To whom it may concern,

I'm writing this letter of recommendation in support of Kisik Inc.'s work supplying, delivering and installing collaborative furniture for the Carling Campus Fit-up Project, located at 3500 Carling Ave in Ottawa, Ontario, in the amount of 2.07 million dollars.

Kisik Commercial Furniture's services involved supplying, delivering and installing collaborative style furniture including a variety of seating and table options for the Department of National Defence (DND) headquarters in Ottawa, Ontario. Darrell Brown, President of Kisik Commercial Furniture, successfully worked in partnership with the PSPC Project management team to overcome logistical issues related to the multi-phase and multi-building campus and deliver the mandate of the contract with the federal government.

They worked with aggressive timelines and proposed out of the box thinking as required to ensure the success of the project. It was also important for the project team to support the federal government's aim to ensure a minimum of 5% of the total value of contracts are held by Indigenous businesses.

On behalf of PSPC, I confirm great satisfaction with Kisik Inc.'s work on the Carling Campus Project between April 2016 and August 2019.

Regards,

Abdou Nayel
Acting Project Director

Public Services and Procurement Canada (PSPC)
