To Whom It May Concern,

On behalf of the Poplar River First Nation, I would like to extend my gratitude to Kisik Inc. for their reliability and promptness of their service to our First Nation. We have had the opportunity of doing business with Kisik Inc. on a number of projects and the work and equipment has always been professional and of excellent quality. I therefore would recommend Kisik Inc. to other organizations or companies to assist them with their commercial interior needs and services.

Thank you.
